1. GRANT OF LICENSE

Licensor hereby grants to You a non-transferable, non-exclusive, non-sublicensable license to install single deployment of Software and use it to connect to the number of connected Actors, Targets and/or Production Units for which You have paid the applicable license fees.

License fee is comprised of a combination of number of named Actors, Targets and/or Production Units depending on the chosen Software edition/modules and pricing model.

In relation to this Agreement and your use of Software, "Actor" means an entity that logs in to Software and uses Software functionality to e.g initiating connections through it, using password vault and/or using Software to authenticate actors to other services. Actor can be human or non-human (machine/application).

"Target" means a workstation, server, network appliance, or any other logical or physical network entity connections to which are controlled or audited by the Software, regardless of whether these connections are direct or routed via another network element such as a jump server, bastion host, application server, or gateway.

"Production unit" means an entity within a site, specialized in a particular type of production output, such as production line, assembly line, department, factory, fab, mill, cost center or similar unit.

You shall use the licenses solely for your business operations and the use is subject to the terms and conditions set forth in this Agreement.

The licenses granted to You hereunder shall be in force, (a) for subscriptions: as long as the subscriptions and the payment responsibility thereof is in force or (b) for perpetual licenses: without time limit, also after this agreement has ended.

2. OWNERSHIP

Licensor and/or its licensors retains all ownership, title and intellectual property rights with respect to the Software and all enhancements, fixes, corrections, modifications, copies and portions thereof, whether or not incorporated into or with other

software. Licensor and/or its licensors reserve all rights not expressly granted to You herein. Any license granted by Licensor under this Agreement is not a sale of the Software or any portion or copy thereof. This Agreement does not convey title or ownership, but instead gives You only the limited rights of use as set forth in this Agreement. The Software contains valuable trade secrets of Licensor and its licensors. All worldwide ownership of and all rights, title and interests in and to the Software, and all copies and portions of the Software, including without limitation, all intellectual property rights therein and thereto, are and shall remain exclusively with Licensor. The Software is protected, among other ways, by the copyright laws of the United States of America, the European Union and international copyright treaties. All rights not expressly granted herein are retained by Licensor and its licensors. You agree that any copies of the Software will contain the same proprietary notices which appear on and in the Software. The Software may contain Open Source components that are licensed under their respective terms. Licensor shall provide a list of Open Source Licenses for a particular version of the Software in the Software user documentation.

3. USE RESTRICTIONS

You have no right to receive, use or examine any source code or design documentation relating to the Software, unless the source code and/or design documentation has been specifically made available to You by the Licensor for the limited purpose solely defined by the Licensor.

You shall not nor allow any third party to:
